CRITICAL THINKING IN THE DIGITAL ERA

Start Date:	05/01/2026	**End Date:**	09/01/2026
Categories:	Wellbeing & Personal Dev	**Venues:**	Doha
Formats:	In Person	**Instructors:**	Roland Abi Najem

OVERVIEW

This course develops the mindset and techniques needed to think clearly, logically, and independently in a world full of noise, bias, and misinformation. Participants will strengthen their ability to assess information, challenge assumptions, and make well-reasoned decisions.

OBJECTIVES

By the end of this course, participants will be able to: – Recognize cognitive biases and flawed logic in digital content. – Evaluate information sources and credibility effectively. – Apply structured frameworks to solve problems and make decisions. – Communicate ideas with logic, clarity, and evidence. – Encourage a culture of inquiry and curiosity in teams and organizations.

COURSE OUTLINE

1- What is Critical Thinking and Why It Matters 2- Spotting Bias, Assumptions, and Logical Fallacies 3- Evaluating Evidence in the Age of Misinformation 4- Structured Problem Solving and Decision-Making 5- Practicing and Facilitating Critical Thinking in Teams

TARGET AUDIENCE

Professionals, team leaders, analysts, communicators, and educators who want to sharpen thinking and decision-making in fast-moving environments.

METHODOLOGY

Logic drills, media deconstruction labs, scenario-based reasoning, Socratic questioning, team debate practice, and problem-solving challenges.

CONCLUSION

Participants will leave with the confidence and discipline to think more clearly, question more deeply, and decide more wisely.

DAILY AGENDA

Day 1: Thinking Clearly in a Clouded World

Explore what critical thinking is and why it's a core digital-era skill.

Day 2: Spot the Flaws

Learn to identify bias, flawed reasoning, and assumptions in content.

Day 3: Verify Before You Trust

Develop techniques to evaluate sources, facts, and figures online.

Day 4: Think It Through

Apply logical frameworks to solve problems and make decisions.

Day 5: Lead with Thinking

Foster a culture of questioning and reflection in your team or organization.
