RISK MANAGEMENT AT THE K GROUP

Start Date:	09/08/2026	**End Date:**	13/08/2026
Categories:	HSSE	**Venues:**	Dubai
Formats:	In Person	**Instructors:**	

OVERVIEW

This course is tailored to address the specific risk management needs of “The K Group,” focusing on building an integrated risk management framework that aligns with the organization’s strategic objectives, operational realities, and regulatory environment. Participants will learn how to identify, assess, mitigate, and monitor risks across business units, ensuring organizational resilience and sustainable performance.

OBJECTIVES

By the end of this course, participants will be able to: – Understand the unique risk landscape facing The K Group and its subsidiaries. – Apply systematic risk identification, assessment, and mitigation processes. – Develop and implement risk management plans tailored to operational and strategic priorities. – Integrate risk management into corporate governance, decision-making, and performance monitoring. – Enhance organizational resilience through proactive risk culture development and continuous improvement.

COURSE OUTLINE

1- Introduction to Risk Management Concepts and The K Group’s Risk Environment 2- Risk Identification, Analysis, and Prioritization Techniques 3- Developing and Implementing Risk Mitigation Strategies 4- Embedding Risk Management into Governance and Operational Processes 5- Monitoring, Reporting, and Evolving Risk Management Practices at The K Group

TARGET AUDIENCE

All Supervisory Levels, Risk Managers, Compliance Officers, Operations Managers, Project Managers, Department Heads, Internal Auditors, and all professionals responsible for risk oversight and management within The K Group or its associated entities.

METHODOLOGY

The course combines interactive lectures, real-world case studies, The K Group-specific risk workshops, group exercises in risk assessment and mitigation, and simulations of risk response scenarios to create a hands-on learning environment tailored to the organization’s context.

CONCLUSION

Upon completion, participants will have the skills to implement robust risk management practices across The K Group, enabling better decision-making, enhancing operational performance, protecting assets, and contributing to the long-term strategic success of the organization.

DAILY AGENDA

Day 1: Understanding Risk Management in The K Group’s Context

Explore foundational risk concepts, The K Group’s operational landscape, and key external and internal risk drivers.

Day 2: Risk Identification, Analysis, and Prioritization for The K Group

Learn to systematically identify risks across business units, assess impacts, and prioritize risks for action planning.

Day 3: Developing and Implementing Risk Mitigation Strategies

Design targeted mitigation plans, allocate responsibilities, and align risk responses with operational goals.

Day 4: Integrating Risk Management into Governance and Business Processes

Embed risk management into decision-making, project management, and performance evaluation systems across the organization.

Day 5: Monitoring, Reporting, and Enhancing Risk Management Systems

Develop risk monitoring and reporting structures, analyze real case studies, and drive continuous improvement of the risk management framework.
